Kristen is considered one of the nation's leading "Big Data" and HIPAA compliance attorneys. She also has deep experience in data breaches, health information exchange, data sharing for research and clinical integration initiatives, clinical research compliance, and biobanking and genomic privacy. Kristen is a sought-after national speaker on these issues and has been active in national healthcare policy.

Kristen Rosati is a Past President of the American Health Lawyers Association (AHLA), the nation's largest educational organization devoted to legal issues in the healthcare field with almost 15,000 members. She currently serves on the program planning committee for the AHLA Artificial Intelligence Convener Session. She has served on the program planning committee for the AHLA Annual Meeting, the AHLA Academic Medical Centers and Teaching Hospitals Institute, the AHLA Precision Medicine Institute, and various AHLA health information technology conferences.

Kristen has been listed in Best Lawyers in America for health care since 2007 and was Best Lawyers' 2021, 2017 and 2014 Phoenix Health Care Law "Lawyer of the Year." She was chosen as one of Outstanding Business Women in Arizona in 2017 and one of the 50 Most Influential Women in Arizona Business in 2013. She received the Health Care Leadership Award for Legal Advocate of the Year in 2014, and was recognized in Arizona Business Leaders 2015-2018 and Arizona's Top 100 Lawyers in 2014-2018 by Arizona Business Magazine. She is also recognized in Super Lawyers and Chambers for health care.

Kristen is an advisor to the FDA Sentinel Initiative, a national electronic distributed network to monitor medical product safety. Kristen also worked with the Arizona Biomedical Research Commission to build clinical and translational research capacity in Arizona, including developing a "virtual" biospecimen bank called the Arizona Biospecimen Consortium. She served on the planning committee for the 2014 Annual Meeting of the International Society of Biomedical and Environmental Biorepositories.

Kristen is a member of the Arizona State University (ASU) Health Futures Council, a group of leaders from across the country convened to guide and support the university's health-related research, education and clinical programs. Kristen was also a member of the Advisory Board for the ASU Biomedical Informatics Department and a founding Executive Committee member of the ASU Center for Health Care Innovation and Clinical Trials. She has been an adjunct professor of law and frequent guest lecturer at ASU.

Kristen received her B.A., with high honors, and her J.D., cum laude, from the University of Michigan. She clerked for the late Judge Thomas Tang of the U.S. Court of Appeals for the Ninth Circuit and for Judge Earl H. Carroll of the U.S. District Court for the District of Arizona.

Representative Matters
